LAB1: ASSIGNMENT

1. In Terminal/Shell, navigate to your Home directory.
2. Make a new directory entitled "EC327_Lab_1".
3. In the new directory, create a file entitled "Secret_Message.txt".
4. Using your preferred editor, write a message in the text file and save it.
5. Exit the editor, read the file to check that the contents were saved.
6. Go back to your Home directory and zip the file, naming it "EC327_Lab_1.zip".
7. Move the zip file into your EC327_Lab_1 folder using Terminal/Shell
